#### NOTES TO THE UNAUDITED FINANCIAL STATEMENTS For the financial period from 26 September 2023 to 31 December 2023

### 1. Background to the ICAV

Osmosis ICAV (the "ICAV") was registered on 1 February 2017, with registration number C165916. It was authorised in Ireland on 7 April 2017 and commenced operations on 23 April 2017 as an investment company with variable capital structured as an umbrella fund with segregated liability between sub-funds pursuant to the Irish Collective Asset-management Vehicle Act 2015 (the "Act") with the launch of Osmosis Resource Efficient Developed Markets Core Equity (Ex-Fossil Fuels) Fund (the "Sub-Fund"). It is authorised by the Central Bank of Ireland (the "Central Bank") pursuant to the provisions of the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 as amended, (the "UCITS Regulations") and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019, as amended.

The ICAV is structured as an umbrella type vehicle which may consist of different Sub-Funds, each comprising one or more Share Classes. As at the date of this report there were three sub-funds in operation:

- Osmosis Resource Efficient Equity Market Neutral Fund (launched 3 August 2018) (In Liquidation)
- Osmosis Resource Efficient Core Equity Fund (launched 23 May 2017)
- Osmosis Resource Efficient Developed Markets Core Equity (Ex-Fossil Fuels) Fund (launched 26 September 2023)

Under the Act it is permissible to have separate sets of financial statements for each Sub-Fund. As such, these financial statements only relate to the Sub-Fund. These financial statements are available free of charge on request from the Manager.

### Investment objective and policy

#### Osmosis Resource Efficient Developed Markets Core Equity (Ex-Fossil Fuels) Fund

The investment objective of the Sub-Fund is to provide investors with capital appreciation over the medium to long term and to outperform the Benchmark.

The Sub-Fund will aim to achieve its objective through active exposures to equity securities of resource efficient public companies. Resource efficient public companies are those companies which use less fossil-fuel based energy per unit of revenue than their sector peers, use less water per unit of revenue than their sector peers and create less landfill, incinerated and recycled waste per unit of revenue than their sector peers (as determined by the MoRE Model).

The Sub-Fund will typically invest between 90% and 100% of its NAV in company shares and will hold a broad spread of equity investments from a broad range of economic sectors worldwide excluding those directly involved within the fossil fuels industry. In relation to investment in equity securities, typically 90% of these securities held by the Sub-Fund will be listed or traded on a recognised exchange.

The Sub-Fund may also invest up to 10% of its NAV in cash equivalents (such as money market funds (notably collective investment schemes) and money market instruments, including, but not limited to, certificates of deposit, fixed or floating rate notes and fixed or variable rate commercial paper (which are considered investment grade or above as rated by the principal rating agencies)) issued by governments and/or corporations and in cash deposits denominated in such currency or currencies as the Osmosis Investment Management UK Limited (the "Investment Manager") may determine.

#### 2. Principal Accounting Policies

#### Statement of compliance

These unaudited financial statements for the financial period from 26 September 2023 to 31 December 2023 have been prepared in accordance with International Accounting Standard ("IAS") 34, 'Interim Financial Reporting', as adopted by the European Union, the Act and pursuant to the provisions of the European Communities UCITS Regulations, 2011 as amended and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) Regulations 2019, as amended (the "Central Bank UCITS Regulations").

#### **Basis of preparation**

The financial statements for the Sub-Fund are prepared in accordance with International Financial Reporting Standards as adopted by the European Union ("IFRS") and interpretations adopted by the IASB, and with the requirements of the ICAV Act.

The preparation of financial statements in conformity with IFRS requires the use of certain critical estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results ultimately may differ from those estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the financial period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

All references to Net Assets throughout this document refer to Net Assets Attributable to Holders of Redeemable Equity Shares, unless otherwise stated.

The financial statements have been prepared on the basis of accounting policies applicable to a going concern. This basis presumes that funds will be available to finance future operations and that the realisation of assets and settlement of liabilities, contingent obligations and commitments will occur in the ordinary course of business. The directors have considered all factors such as the financial and operating performance of the Sub-Fund, nature of the assets and liquidity of portfolio, investor concentration and pipeline of the Sub-Fund which contribute to the Sub-Fund's ability to continue as a going concern. The Directors are satisfied that, for a period of at least twelve months from the date of approving the financial statements, it is appropriate to adopt the going concern basis in preparing the financial statements of the Sub-Fund.

The presentation and functional currency of the Sub-Fund is United States dollar ("US\$").

#### 3. Fees and Expenses

#### **Establishment Expenses**

The Sub-Fund shall bear the following:

- (i) its proportion of the fees and expenses attributable to the establishment and organisation of the ICAV for the remainder of the period over which such fees and expenses will continue to be amortised;
- (ii) its attributable portion of the fees and operating expenses of the ICAV; and
- (iii) the fees and expenses relating to its establishment which estimated not to exceed €40,000 and will be amortised over a period of up to five (5) years from the date of the launch of the Sub-Fund or such other period as the Directors may determine and in such manner as the Directors in their absolute discretion deem fair.

During the period, the Sub-Fund had one significant shareholder, Stitching IMAS Foundation, owning 49.56% of the total shares in the Sub-Fund.

#### **Redemption of shares**

Every shareholder will have the right to require the Manager to redeem their shares on any dealing day meaning every Wednesday or the next following Business Day if such day is not a Business Day (save during any period when the calculation of the Net Asset Value is suspended) on furnishing to the Manager a redemption request.

In accordance with anti-money laundering regulations no redemption proceeds will be paid to redeeming shareholders unless the Manager is in possession of the full completed original application form and appropriate original anti-money laundering documentation and any other documentation required by the Directors or their delegate. Shares may be redeemed by a signed written application through the Manager.

Redemption requests received prior to the relevant Sub-Fund's Dealing Deadline (10am Irish time on the Business Day immediately prior to the dealing day) for any Dealing Day will be processed as at that Dealing Day.

#### 8. Financial risk management

The activities of the Sub-Fund expose it to various financial risks. The Sub-Fund's overall risk management process focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Sub-Fund's financial performance.

Risk is inherent in the Sub-Fund's activities but it is managed through a process of ongoing identification, measurement and monitoring, subject to risks limits and other controls. The process of risk management is critical to the Sub-Fund's continuing profitability. The Sub-Fund is exposed to market risk (including currency risk, interest rate risk and other price risks), credit risk and liquidity risk arising from the financial instruments it holds.

Responsibility for day to day management of the Sub-Fund risk has been retained by the Manager, subject to its Risk Management Policy, and Osmosis Investment Management UK Limited as Investment Manager to the Sub-Fund. The Manager manages the financial risks of the Sub-Fund through the Risk Management Policy and Procedure (the "RMPP"). The Manager's Risk Officer and Designated Directors are responsible for the implementation of the RMPP. Operational risk is monitored by the Designated Director through periodic due diligence of delegates and ongoing monitoring of reporting from delegates.

The Manager monitors the consistency between the investment strategy, objective and profile of the portfolio with respect to what has been communicated to investors through the Sub-Funds' Prospectus and Supplement

Liquidity risk is monitored and managed to ensure that the Sub-Fund meets its underlying obligations based on maintaining appropriate liquid assets. The monitoring approach also incorporates bid/offer spreads, trade volumes of sectors, time to liquidate the Sub-Fund in part or in entirety as well as monitoring market impacting events

#### Market risk

Market risk is the risk that changes in interest rates, foreign exchange rates or other prices will affect the positions held by the Sub-Fund. All financial assets and liabilities designated at fair value through profit or loss and held for trading are measured at fair value and all changes in market conditions directly affect fair value. The Sub-Fund is susceptible to market price risk arising from uncertainties about future prices.

#### (i) Price risk

The Sub-Fund is exposed to equity securities price risk. Price risk is the risk that the value of an investment may fluctuate as a result of changes in market prices, whether caused by factors specific to an individual investment or all factors affecting all instruments traded in the market.

### (i) Price risk (continued)

The Investment Manager utilises an estimated covariance matrix and open optimiser which has been developed and is maintained on a daily basis by a third party risk vendor in order to generate the minimum variance portfolio. The portfolio will be rebalanced quarterly at a period determined by the Investment Manager given optimal market and portfolio conditions to ensure efficient portfolio management.

The Sub-Fund may also use derivatives for investment and efficient portfolio management purposes including for hedging purposes. The only techniques and instruments which may be used by the Sub-Fund are forward currency contracts and exchange traded futures. The Sub-Fund currently holds exchange traded futures as at 31 December 2023.

At 31 December 2023, the fair values of equity investments exposed to price risk are categorised below:

#### (ii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will change because of changes in foreign exchange rates.

Currency risk arises when the Sub-Fund invests in financial instruments denominated in currencies other than its functional currency. Consequently, the Sub-Fund is exposed to risks that the exchange rate of these currencies relative to the functional currency may change in a manner, which may have a favourable or unfavourable effect on the value of the Sub-Fund's net assets.

The table below analyses monetary and non-monetary items of foreign exchange exposure:

The table above also summarises the sensitivity of the Sub-Fund's monetary and non-monetary assets and liabilities to changes in foreign exchange movements at 31 December 2023. The analysis is based on the assumptions that the relevant foreign exchange rate increased by the percentage disclosed in the table, with all other variables held constant. This represents management's best estimate of a reasonable possible shift in the foreign exchange rates and is not intended to be predictive.

For the financial period from 26 September 2023 to 31 December 2023 (continued)

## 8. Financial risk management (continued)

Market risk (continued)

#### (iii)Interest rate risk

Interest rate risk arises from the effects of fluctuations in the prevailing levels of market interest rates on the fair value of financial assets and liabilities and future cash flows. As at 31 December 2023, the Sub-Fund did not hold interest-bearing securities, and as such does not have a significant exposure to interest rate risk. Excess cash and cash equivalents are invested at short-term market interest rates thus contributing very little to fair value interest rate risk however such balances are exposed to cash flow interest rate risks.

Balances exposed to cash flow interest rate risks are the cash and cash equivalent amounts disclosed in the Statement of Financial Position. The effective interest rate on cash and cash equivalents, at the end of the period was 0%. The Sub-Fund was, therefore, not exposed to interest rate risk from unfavourable fluctuations in interest rates payable.

### Liquidity risk

Liquidity risk is the risk that the Sub-Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous. The Sub-Fund is subject to Redemption requests, those received prior to the relevant Sub-Funds Dealing Deadline for any dealing day, will be processed on the next dealing day.

The Sub-Fund invests primarily in securities which in the opinion of the Investment Manager are readily realisable. As a result, the Sub-Fund is likely to be able to liquidate quickly its investments in these instruments at an amount close to their fair value in order to meet its liquidity requirements.

All of the liabilities of the Sub-Fund as at 31 December 2023, as shown in the Statement of Financial Position fall due within three months of the period-end.

The Manager has established a liquidity management policy which enables it to identify, monitor and manage the liquidity risks of the ICAV and the Sub-Fund and to ensure the liquidity profile of the investments of the Sub-Fund will facilitate compliance with its underlying obligations.

The Manager's liquidity policy takes into account the investment strategy, the liquidity profile, redemption policy and other underlying obligations of the ICAV and the Sub-Fund. The liquidity management systems and procedures include appropriate escalation measures to address anticipated or actual liquidity shortages or other distressed situations of the ICAV and the Sub-Fund.

### Credit risk

Northern Trust Fiduciary Services (Ireland) Limited ("NTFSIL") is the appointed Depositary of the Sub-Fund, responsible for the safe-keeping of assets. NTFSIL has appointed The Northern Trust Company ("TNTC") as its global sub-custodian. Both NTFSIL and TNTC are wholly owned subsidiaries of Northern Trust Corporation ("NTC"). As at period-end date 31 December 2023, NTC had a long term credit rating from Standard & Poor's of A+.

TNTC (as global sub-custodian of NTFSIL) does not appoint external sub-custodians within the U.S., the U.K., Ireland, Canada, Belgium, France, Germany, Netherlands and Saudi Arabia. However, in all other markets, TNTC appoints local external sub-custodians.

NTFSIL, in the discharge of its depositary duties, verifies the Sub-Fund's ownership of Other Assets, (as defined under other assets, Art 22(5) of UCITS V Directive 2014/91/EU), by assessing whether the Sub-Fund holds the ownership based on information or documents provided by the Sub-Fund or where available, on external evidence.

#### NOTES TO THE UNAUDITED FINANCIAL STATEMENTS For the financial period from 26 September 2023 to 31 December 2023 (continued)

### 8. Financial risk management (continued)

Credit risk (continued)

TNTC, in the discharge of its delegated depositary duties, holds in custody (i) all financial instruments that maybe registered in a financial instruments account opened on the books of TNTC and (ii) all financial instruments that can be physically delivered to TNTC. TNTC ensures all financial instruments (held in a financial instruments account on the books of TNTC) are held in segregated accounts in the name of the Sub-Fund, clearly identifiable as belonging to the Sub-Fund, and distinct and separately from the proprietary assets of TNTC, NTFSIL and NTC.

In addition TNTC, as banker, holds cash of the Sub-Fund on deposit. Such cash is held as a liability on the Statement of Financial Position of TNTC. In the event of insolvency of TNTC, in accordance with standard banking practice, the Sub-Fund will rank as an unsecured creditor of TNTC in respect of any cash deposits.

Where relevant please note the following currencies, Jordanian Dinar, Saudi Riyal, cash in the onshore China market (principally the currency of Chinese Yuan Renminbi, and any other currencies remitted into accounts in the onshore China market), are no longer held on the Balance Sheet of TNTC. For these off-book currencies, clients' cash exposure is directly to the relevant local sub-custodian / financial institution in the market.

Insolvency of NTFSIL and or one of its agents or affiliates may cause the Sub-Fund's rights with respect to its assets to be delayed.

The Responsible Party manages risk by monitoring the credit quality and financial position of the Depositary and such risk is further managed by the Depositary monitoring the credit quality and financial positions of sub-custodian appointments.

The nominal value of the futures held by the Sub-Fund as at 31 December 2023 is US\$582,369.

Cash held with the counterparty is margin cash relating to the futures held by the Sub-Fund.

As at 31 December 2023, the Sub-Fund's counterparty, JP Morgan, had a short term credit rating from Standard& Poor's of A-1.

#### Offsetting financial assets and liabilities

There were no master netting agreements in place for the Sub-Fund for the period ended 31 December 2023, therefore the Sub-Fund had no legal right to offset.

The Sub-Fund was not subject to offsetting agreements during the period ended 31 December 2023.

#### Capital risk management

The capital of the Sub-Fund is represented by the net assets attributable to holders of redeemable participating shares. Being the equity of the Sub-Fund, the amount of equity can change significantly on a daily basis, as the Sub-Fund is subject to daily subscriptions and redemptions at the discretion of shareholders. Large redemptions of shares in the Sub-Fund may result in the Sub-Fund being forced to sell assets at a time and price at which it would normally prefer not to dispose of those assets.

The Manager may, at its discretion, with the consent of the shareholders or at the request of shareholders, satisfy a redemption request by redemption of investments of the Sub-Fund in specie provided that such redemption would not prejudice the remaining shareholders of the Sub-Fund.

### NOTES TO THE UNAUDITED FINANCIAL STATEMENTS

For the financial period from 26 September 2023 to 31 December 2023 (continued)

### 8. Financial risk management (continued)

Capital risk management (continued)

The Sub-Fund regards its equity, which represents its net assets attributable to holders of redeemable equity shares as capital. The Sub-Fund's objectives for managing capital are:

- to invest the capital in investments meeting the description, risk exposure and expected return indicated in its Prospectus
- to achieve consistent returns while safeguarding capital by investing in accordance with its investment policy or holding cash;
- to maintain sufficient liquidity to meet the expenses of the Sub-Fund; and
- to maintain sufficient size to make the operation of the Sub-Fund cost-efficient.

The Sub-Fund has no externally imposed capital requirements.

#### Fair value estimation

The Sub-Fund classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).
- Level 3: Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs).

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgment, considering factors specific to the asset or liability.

The determination of what constitutes "observable" requires significant judgment by the Sub-Fund. The Sub-Fund considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

The financial assets and liabilities not measured at fair value through profit or loss are short-term financial assets and financial liabilities whose carrying amounts approximate fair value. All other financial assets and liabilities not measured at fair value through profit or loss are categorised as Level 2 in the fair value hierarchy.

#### 9. Related party transactions

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial or operational decisions.

Prescient Fund Services (Ireland) Limited has been appointed as the Manager of the ICAV with effect from 7 April 2017. For the period ended 31 December 2023, the Manager charged management fees of US\$19,337, of which management fees payable as at 31 December 2023 amounted to US\$19,337.

The Manager may rebate all or part of its Management Fee to any shareholder, it being acknowledged that such rebate, if any, may differ between shareholders and that the Manager will have ultimate discretion in this matter.

The Manager appointed Osmosis Investment Management UK Limited as the Investment Manager of the Sub-Fund. The Investment Manager acts as the Investment Manager and Distributor of the Sub-Fund. The Investment Manager is entitled to receive Investment Management fee as set out in Note 3. All fees charged by the Investment Manager are disclosed separately in the Statement of Comprehensive Income. Investment Management fees charged for the period ended 31 December 2023 were US\$32,477, of which US\$32,477 was due to the Investment Manager as at 31 December 2023.

The Investment Manager may rebate all or part of its Investment Management fees to any shareholder, it being acknowledged that such rebate, if any, may differ between shareholders.

Eimear Cowhey and Fiona Mulcahy are both Directors of Prescient Global Funds ICAV and Prescient Global Qualified Investor Funds ICAV, which are managed by the same management company as Osmosis ICAV.

Eoin Gleeson who is a Director/Employee of Prescient Fund Services (Ireland) Limited the Manager, does not receive a Directors Fee.

Director fees (in respect of the Sub-fund) for the period were US\$3,250, of which US\$3,250 was due as at 31 December 2023.

During the period, the Sub-Fund had one significant shareholder, Stitching IMAS Foundation, owning 49.56% of the total shares in the Sub-Fund.

### **Transactions with Connected Persons**

The UCITS Regulations require that any transaction carried out with a UCITS by a management company or depositary to the UCITS, the delegates or sub-delegates of the management company or Depository, and any associated or group of such a management company, Depository, delegate or sub-delegate ("connected persons") must be carried out as if negotiated at arm's length. Transactions must be in the best interests of the shareholders.

The Directors of the Manager are satisfied that there are arrangements (evidenced by written procedures) in place, to ensure that the obligations set out in Regulation 43 (1) of the UCITS Regulations are applied to all transactions with connected persons, and are satisfied that transactions with connected persons entered into during the financial period complied with the obligations set out in Regulation 43 (1) of the UCITS Regulations.

### 10. Taxation

The ICAV is the investment undertaking as defined in Section 739B of the Taxes Consolidation Act, 1997, as amended (the "TCA"). The ICAV will not be liable to Irish tax in respect of its income and gains, other than on the occurrence of a chargeable event.

Generally a chargeable event arises on any distribution, redemption, repurchase, cancellation, transfer of shares or on the ending of a "Relevant Period". A "Relevant Period" is an eight year period beginning with the acquisition of the shares by the shareholder and each subsequent period of eight years beginning immediately after the preceding Relevant Period.

A gain on a chargeable event does not arise in respect of:

- A shareholder who is not Irish resident and not ordinarily resident in Ireland at the time of the (i) chargeable event provided the necessary signed statutory declarations are held by the ICAV; or
- (ii) Certain exempted Irish resident investors who have provided the ICAV with the necessary signed statutory declaration; or
- (iii) Any transactions in relation to shares held in a recognised clearing system as designated by order of the Revenue Commissioners of Ireland; or
- An exchange of shares representing one Sub-Fund for another Sub-Fund of the ICAV; or (iv)
- An exchange of shares arising on a qualifying amalgamation or reconstruction of the ICAV with (v) another ICAV; or
- Certain exchanges of shares between spouses and former spouses. (vi)

In the absence of an appropriate declaration, the ICAV will be liable to Irish tax on the occurrence of a chargeable event. There were no chargeable events during the period under review. Capital gains, dividends, and interest received by the ICAV may be subject to withholding taxes imposed by the country of origin and such taxes may not be recoverable by the ICAV or its shareholders.

#### NOTES TO THE UNAUDITED FINANCIAL STATEMENTS For the financial period from 26 September 2023 to 31 December 2023 (continued)

#### 11. Contingent liabilities and commitments

The ICAV does not have, at the period-end, any loan capital (including term loans) outstanding or created but unissued, or any outstanding mortgages, charges, debentures or other borrowings or indebtedness in the nature of borrowings, including bank overdraft, liabilities under acceptances or acceptance credits, obligations under finance leases, hire purchase, commitments, guarantees or other contingent liabilities not otherwise disclosed in these financial statements.

### 12. Efficient portfolio management

The Sub-Fund may use financial derivate instruments for the purposes of efficient portfolio management.

During the period, the Sub-Fund entered into a variety of derivative instruments including forward foreign currency contracts and futures contracts for the purpose of efficient portfolio management.

Gains and losses from these derivative instruments are disclosed in the Statement of Comprehensive Income. Please refer to the Schedule of Investments for a full list exposures from these derivative instruments held on 31 December 2023.

Margin cash held, the related counterparties, revenues arising from instruments, direct and indirect costs for the use of financial derivative instruments are outlined in Note 6.

### 13. Global exposure

The Sub-Fund calculates global exposure using the commitment approach as set out in the Central Bank of Ireland's Guidance Note 3/03. The Sub-Fund's global exposure relating to financial derivative instruments shall not exceed 100% of the Net Asset Value of the Sub-Fund and will be measured using the commitment approach. The global exposure of the Sub-Fund as at 31 December 2023 was 0.52%.

#### 14. Soft commissions

There were no soft commission arrangements undertaken during the period.

#### 15. Involvement with unconsolidated Structured entities

The Sub-Fund has concluded that the unlisted open-ended investment funds in which it invests, but that it does not consolidate, meet the definition of structured entities because:

- the voting rights in the funds are not dominant rights in deciding who controls them because the rights relate to administrative tasks only;
- each fund's activities are restricted by its prospectus; and
- the funds have narrow and well-defined objectives to provide investment opportunities to investors.

The table below describes the types of structured entities that the Sub-Fund does not consolidate but in which it holds an interest.

Type of structured entity	Nature and purpose	Interest held by the Sub-Fund
Structured entity	To manage assets on behalf of third party investors and generate fees for the investment manager.	Investments in units issued by the strucutured entity
	These vehicles are financed through the issue of units to investors.
